

SAN PITCH RIVER DISTRIBUTION SYSTEM

1953 ASSESSMENT

\$2,800.00

BASIS OF ASSESSMENT

The 1953 Assessment of \$2,800.00 is pro-rated to each listed water user on the basis of the Commissioner's officially approved report of acre feet of water delivered to each such user, total acre feet so reported is 29,215.00.

CALCULATION OF ASSESSMENT

\$2,800.00 divided by 29,215.00 acre feet equals \$0.0958411774 cost per one acre foot of water.
